Limited Lifetime Warranty

Proformance Manufacturing, Inc. ("PMI"), manufacturer of the ECOSTAR Window ("ECOSTAR") warrants to the original residential property owner ("Owner") that the ECOSTAR product is free of manufacturing and material defects. This Warranty applies for the life of the product, as defined herein, under normal use and service subject to the conditions and limitations listed herein and as long as the original resident purchaser resides in the home in which the ECOSTAR window was installed

This Warranty covers only those manufacturing defects as specified herein and does not include damage attributable to occurrences beyond PMI's control.

Fiberglass

The fiberglass components of the ECOSTAR are warranted against defects such as peeling, flaking, chipping, blistering, rot, corrosion, warp, bow and twist for the life of the window unit as described above. If such defects occur, PMI will repair or replace parts at no charge. The Warranty on the fiberglass becomes void if the fiberglass is painted, stained or if the surface is altered in any way subsequent to manufacturing at PMI. ECOSTAR Windows must be installed as specified by PMI.

Laminated Fiberglass

Laminated fiberglass is warranted against peeling, blistering and de-lamination for the life of the window unit as described above. If such defects occur, PMI will repair or replace parts at no charge.

Hardware

The ECOSTAR hardware is warranted against defects such as peeling, flaking, rusting, blistering, breakage and corrosion for the life of the window unit as described above. If such defects occur, PMI will repair or replace parts at no charge. Hardware includes the locking mechanism, fasteners, rollers and balances.

Screen

The ECOSTAR aluminum screen frame is warranted against defects such as peeling, flaking, rusting and corrosion for the life of the window unit as described above. The fiberglass screen is warranted against insect damage during the warranty period. If such defects occur, PMI will repair or replace parts at no charge.

Glass

The installed and sealed ECOSTAR insulating glass unit is warranted against defects resulting in material obstruction of vision from film formation caused by dust or moisture in the air space for the life of the sealed unit. If such defects occur, PMI will repair or replace the insulating glass unit at no charge.

Interior/Exterior condensation on windows and doors, which may occur as the natural result of humidity within the house or building and interior/exterior temperature differentials, does not indicate a defect in the insulating glass unit and is not included in this Warranty.

Transferable Warranty

Except as otherwise provided herein, the PMI ECOSTAR Limited Lifetime Warranty is transferable by the original property owner to one subsequent owner for the remainder of the Warranty period as long as they own the home, provided PMI receives notice of the transfer of title of the registered property within thirty (30) days after the date of transfer of ownership. The transfer will not extend the Warranty period.

Claims

Any claims for defects under this Warranty should be submitted in writing promptly after discovery to PMI. The Owner shall allow reasonable time for inspection.

Repair Procedure

If, after inspection, it is determined that the claim is valid and in accordance with the provisions of this Warranty, PMI agrees, at its option, to repair or replace any defective part as warranted herein, providing that coloring matching will not be guaranteed.

Warranty Extension

The original Warranty period shall not be extended by any repair or replacement, but any remaining Warranty period shall continue in effect and be applicable under the terms and conditions of the Warranty to the repair or replacement product or part.

Product Changes

PMI reserves the right to discontinue or change any product it manufactures. If the product or part of the product is not available and PMI determines to make a replacement, PMI shall have the right to substitute such product or part determined by PMI to be of equal quality and price.

Other Warranty Considerations

This Warranty is valid only if products manufactured by PMI are used and shall be void if accessory products not manufactured by PMI are installed and which cause defects to occur in the ECOSTAR product.
